WILSON TALKS TO VIRGINIA EDITORS

Communicates to World at Large Through the Press Association.

REMARKABLE SPEECH

Executive Calls Attention to Beneficial Work of Administration and Purpose to Finish Program.

President Wilson used the editors of Virginia as a vehicle yesterday for the transmission to the country of one of the most remarkable speeches of his career. There was no intimation that the President would do anything more than greet the editors when they called upon him at the White House yesterday.

The editors and their families left here yesterday morning at 9:10 o'clock on a special train on the Washington-Virginia Railway. After a delightful automobile ride through the parks of Washington and luncheon at the Chamber of Commerce they proceeded to the White House, where at 2:15 they were received by the President. Charles B. Cooke ex-president of the association, introduced the editors to Mr. Wilson and made a brief address, in which he praised the work of the administration.

Congressman C. C. Carlin was present and also made a few remarks.

President Wilson, it will be remembered, after his induction into office, conferred with newspaper men, and, in a way, took them into his confidence at the outset. He was as firmly convinced yesterday as ever that his course was proper, and he was as ready as ever to have a heart-to-heart talk with the representatives of Virginia journals, realizing, as he does, that they play an important part in moulding public sentiment. In his address to the association, among other things he said:

"I think it is appropriate, in receiving you, to say just a work or two in assistance of your judgment about the existing conditions. You are largely responsible for the state of public opinion. You furnish the public with information and in your editorials you furnish it with the interpretation of that information. We are in the presence of a business situation which is variously interpreted. Here in Washington, through the Bureau of Commerce and other instrumentalities, that are at our disposal and through a correspondence which comes into us from all parts of the nation, we are perhaps in a position to judge of the actual condition of business better than those can judge who are at any other single point in the country, and I want to say to you that, as a matter of fact, the signs of a very strong business revival are becoming more and more evident from day to day."

After reciting the beneficial effects experienced from the reformed measurs which have been enacted b y the present Democratic Congress, the President concluded as follows:

"It is a matter of conscience, as well as a matter of large public policy, to do what this Congress I am now certain is going to do—finish the program. And I do not think it is going to take a very long time. I believe that the temper of those engaged in this great thing is admirable; that the various elements sometimes in antagonism in the Congress of the United States are drawing together and that we shall witness an early statesmanlike result for which we shall all have abundant reason to be thankful."

DEATH NOTICE.

DIED—At the home of his daughter, Mrs. Kate M. Williams, Pocomoke City, Md., Thursday, June 25th, JOHN W. GREEN, Major C. S. A., in his 87th year. Funeral from St. Paul's Church, Alexandria, Saturday, June 27th, at 5.00 p. m.

Keep your eye on 502 King street.

GETS EIGHTEEN YEARS

Joseph Willis, Murderer of Virgil Jones, Pleads Guilty and Throws Himself Upon Mercy of Court.

The case of the Commonwealth vs. Joseph Willis, colored, charged with the murder of Israel Jones, also colored, on the night of May 31, came up in the Circuit Court for the county, Judge J. B. T. Thornton, today.

Willis plead guilty as indicted and asked mercy of the court. He was accordingly sentenced to serve eighteen years in the penitentiary.

Willis, it will be remembered, took a pistol from James Lucas, near the outlet lock of the old canal basin, and made his way to the Potomac Railroad yards. He entered a car occupied by negro laborers and when told he must move on drew the pistol and fired into the crowd. The ball from the weapon struck Jones and he soon died.

The murderer was arrested on the old Mushpot road several hours later, brought to this city and later turned over to the county authorities.

EDITORS RETURN HOME.

Session Was Most Successful in Its History.

The members of the Virginia Press Association and tehir families, who have been the guests of Alexandria for the past three days, returned to their homes last night. The visitors were loud in their praise of the entertainment given them here and it was said that Alexandria has set a mark that all other cities will have difficulty in approaching in future entertaining conventions of the association.

More new members were admitted at this session of the association than ever before in its history, and the twenty-sixth annual meeting goes down in record as the most successful from the standpoint of business and pleasure, of any ever held. New life has been engendered into the association, and it will result in the editors of the State of Virginia doing a still greater work for their State.

HELD FOR GIRL'S DEATH.

Hagerstown, Md., Man Confesses, Implicating Physician and Woman.

Charlestown, W. Va., June 26.—Stuart Hoffman, of Hagerstown, Md.; Mrs. Harry Rockenbaugh, of Harpers Ferry, and Dr. William E. Perry, of Halltown, were held yesterday without bail by the coroner's jury for the death of Miss Alma Mumma, the 19-year-old Hagerstown girl who died yesterday under suspicious circumstances at the Rockenbaugh home.

Hoffman and Dr. Perry were brought to jail here yesterday. Mrs. Rockenbaugh is being held at Harpers Ferry and will be placed in jail tomorow.

The young girl's body was taken to her home in Hagerstown after the inquest.

The evidence showed that a criminal operation had been performed. Hoffman testified he made the agreement with Dr. Perry to perform the operation and that he was to pay him $25. He said the doctor told him that the operation had better be performed in Harpers Ferry and gave him a letter to Mrs. Rockenbaugh. He testified that he took the girl to Harpers Ferry, where the operation was performed. He said Mrs. Rockenbaugh was present and assisted.

Hoffman said he wanted the girl to marry him and she refused. He appeared much affected and, after making a confession to State Attorney Moore and the young girl's brother, said that he did not care what was done with him.

$6,000,000 FIRE IN SALEM, MASS.

Half of Old City Wiped Out by Conflagration After Explosion.

DEATH TOLL OF SEVEN

Fifteen Thousand People Homeless—Scarcity of Water—City Under Martial Law—Wild Havoc.

Salem, Mass., June 26.—Nearly half of the historic city of Salem, rich in buildings and tradition, is in ruins today as the result of a conflagration which has already cost seven lives, destroyed nearly the whole manufacturing section, hundreds of houses, and several colonial structures, rendered 15,000 of the 45,000 homeless, and caused damage estimated at $10,000,000.

At 10 o'clock today the fire was still raging, but was being held in check to the two-mile swath already devastated. The water pressure had been restored and the firemen had hopes of conquering the flames unless the wind shifted.

Martial law, with ten companies of militia comprising 1,100 men, has prevailed practically since 9 o'clock last night. Khaki clad soldiers, bayonets fixed and under orders to shoot, patrol all the streets to prevent looting by thugs from the underworld of Boston.

Four companies of local militia were called out about 3:30 yesterday, when panic spread beyond the control of the police, and Governor Walsh, who dashed to the stricken city in an automobile, later ordered out the whole Eighth Regiment. A thousand tents and blankets and 10,000 rations are on their way.

Added to the horror today is a great scarcity of water, almost threatening famine. Many can get only a cupful, and springs on the outskirts of the city are in great demand. The Beverly water system has been called on for aid.

The wildest havoc prevailed today. Thousands of people—homeless, sleepless, and made paupers in one blow—wandered the streets, held back from entering the doomed area where their homes had been. Many frantic with fear for missing friends and relatives, tramped back and forth exhausted in hopeless search.

Carts, conveyances, automobiles, even baby carriages, jammed the streets with one weird seething mass, their owners doggedly bent on removing the few heterogeneous savings to places of safety.

Meanwhile the flames continued to curl upward, completing their devastation, while smoke-grimed firemen—spent, after eighteen hours struggle with heat and smoke—directed their puny efforts to overcome it.

The fire broke out just before 3 o'clock yesterday with an explosion in the Kerr Leather Company. In fifteen minutes the factory was in ruins. Tinder-box houses and shops nearby were a mass of flames. Water pressure failed, and aid summoned from a radius of twenty-five miles proved unavailing. Dynamite was resorted to, and whole blocks blown to debris, but the concusions seemed only to increase the fury of the fire.

A capricious sixteen-mile wind drove the flames helter-skelter, setting three separate fires which ate their way outward until they finally merged in one tremendous swath two miles long and three-quarters of a mile wide.

From the places where the witches were hanged two and a quarter centuries ago, the flames raced upward to the edge of the old colonial residences, leaving in ruins, in its wake, the birthplace of Nathaniel Hawthorne and other historic spots.

The fire has already surpassed the Chelsea fire horror of April 12, 1900, when 8,000 were rendered homeless, 1,565 buildings destroyed, 1,600 families practically ruined, 300 injured, and property loss of $6,000,000

VILLA MENACES MEXICO CITY

Constitutionalists in General Movement Upon the Capital.

WILL LEAD IN PERSON

Captures Krupp Rapidfirers and Enormous Quantity of Ammunition at City of Zacatecas.

Washington, June 26.—Direct word received here today from Mexican constitutionalist sources is that a general forward movement against Mexico City is already in progress.

General Villa has decided to take the capital if possible in less than a month. He has already started his men south from Zacatecas. He will lead the movement in person, according to reports received here, and has already ordered south his reserve supply of arms and ammunition from Torreon, Saltillo, and Tampico, in addition, it is stated here, that Villa captured a score of Krupp rapid-firers with an enormous quantity of ammunition at Zacatecas and that this will be used by him against Huerta's troops.

Although the Mexico City reports assert that Huerta is planning a series of desperate struggles to drive Villa back, officials here who are familiar with the situation, say they think the backbone of the federal offense has been broken. In the last two months of fighting all of Huerta's veteran troops, with the exception of the single division retained for his and Blanquet's personal bodyguard, have been crushed by Villa.

The dictator has left only raw levies of untrained troops, most of them young boys, who are in utter terror of Villa's trained battalions. Because of this it is believed that there will be only one real fight by Huerta, and that this will take place in the neighborhood ofMexico City.

IRISH FACTIONS AMUSE M. P.'S

American Heiresses Drawn Into Discussion on Arms.

London, June 26.—American firearms and American heiresses were the subjects of some amusing banter yesterday between the rival Irish factions in the House of Commons.

Premier Asquith was asked to take special steps to prevent arms entering Ireland from the United States in response to the appeal of John E. Redmond, leader of the Irish Nationalists, to Michael J. Ryan, president of the United Irish League, Philadelphia, for aid to the Nationalist volunteers in Ireland.

David Lloyd-George, Chancellor of the Exchequer who replied on behalf of the Premier, declined to make any representations on the subject to the American Government.

Arthur Lynch, a Nationalist member, then tried to carry the war into the Unionist camp by inviting Mr. Lloyd-George to ascertain how much money American heiresses had furnished to foment civil war in Ireland, but hilarious shouts from the opposition of "Where is Harcourt." reminded him that there were American heiresses in both camps.

Robert Vernon Harcourt, a Radical member, is a son of Lady Harcourt, a daughter of John L. Motley, formerly United States Minister to London.

Postmaster Killed.

Newport News, June 26.—Failing to move from his sitting position on the edge of Morrison's station platform, about seven miles north of this city, C. T. Ward, postmaster of Morrison and principal of the Morrison's High School, Wednesday was killed and horribly mangled by the midday train of the Chesapeake and Ohio Railway on the trip from Richmond. Witnesses it is alleged say that the train, which was late, shrieked a warning ,which was unheeded by Mr. Ward, who apparently was in a trance or overcome by heat.

CYCLONE IN CUMBERLAND.

Storm Sweeps City, Unroofing Buildings and Breaking Windows.

Cumberland, Md., June 26.—Cumberland was visited yesterday afternoon by a storm of cyclonic proportions. Large hailstones were hurled through the streets mixed with fragments of plate glass torn from many buildings in the business centre. Wagons were overturned in the street and many trees were uprooted.

A large shade tree was shattered by lightning on the grounds of Western Maryland Hospital and in several streets trees were struck. Riverside Park, the only breathing spot in the city, was hit hard in this respect. Rain and hail swept up and down Baltimore street, the main business thoroughfare, for half an hour.

The building occupied by the Smith bakery and Edward E. Gunning was unroofed and the contents damaged by the rain. A carload of flour was saturated. The roof was blown off the rear of Butler's undertaking rooms, causing $1,000 damage. Many buildings on the eastern side of North Centre street were damaged.

The large storage warehouse of the Cumberland Improvement Company was unroofed and part of the McKaig foundry was blown down. The front of Merryland Park, a pleasure resort, was blown in. Baltimore street was turned into a river, the water rising above the knees of horses, many of which became frantic as they were pelted with hail and fragments of glass.

The storm centered about Cumberland, as in the mining region, while there were rain and hail, the damage was slight.

CONTRIBUTORS REDEEM PLEDGES

Trustees of Alexandria Hospital Appreciate Generosity Shown.

PICNIC AT LUNA PARK

Management of Resort Donates $30 in Gold as Prizes on Independence Day.

The city has been so full of the brains and intelligence of the State for the last few days that there has been very little time to think of anything but entertaining our numerous visitors, members of the Virginia Press Association and consequently there has been very little along the line of securing funds for the hospital fund but we are glad to note that a number of the contributors who signed pledges are redeeming the same in cash and sending the amount to Treasurer Arthur Herbert, Jr.

Every pledge paid, of course, places the trustees in a better condition, and while they have not the slightest idea of asking advance payment from the contributors, they desire to express their appreciation to those who have paid, thus taking a great deal of work and trouble off the very busy gentleman who is treasurer of both the trustees and executive committees.

The executive committee earnestly requests the many friends of the hospital to recollect the fact, when selecting some place to go on July 4th, that the Luna Park management has generously donated their grounds for basket picnic purposes and also their dancing pavilion and merry-go-round to the hospital fund.

Tickets for the dancing pavilion and merry-go-round can be secured for 25 cents the entire proceeds of both of these going to the hospital.

It should also be remembered that in addition to the amusements for the children and their elders, the Luna Park management has donated $30 in gold as prizes for the various amusements.

Luna Park is as cool as any other place on the Fourth of July and it is easily reached on the electric road, and all those who intend to spend an enjoyable day or evening can benefit the hospital by going to Luna Park.

TRIES TO DIE WITH HUSBAND

Invalid Woman Turns on Gas When Aged Spouse Drops Dead.

Philadelphia, June 26.—Rather than be left to spend her last days alone Mrs. Sarah Robinson, an invalid, 78 years old, wheeled herself across the bedroom of her home, at Kensington, when her husband, Samuel Robinson, a cobbler, 76 years old, dropped dead from heart disease yesterday turned on the gas and then lay down beside him to die.

The aged woman was found unconscious from the gas when her husband's employer reached the house to inquire why he had not come to work.

He detected the odor of gas and with Mrs. Annie Wurtz, who occupied a room at the house went to the room of the couple.

The death of the wife is momentarily expected, as her advanced years had already enfeebled her.

Interesting News Notes About People of Alexandria—Happenings in Society.

Master John Sherman Fowler was host at a delightful childrens' party at the residence of his parents, Mr. and Mrs. Sherman Bruce Fowler, in south Washington street, Wednesday evening from 4 to 6 o'clock.

The time passed most pleasantly with games on the lawn, which were interrupted by a march, played as a signal to come to the dining room. The table was decorated with the national colors and each little guest received a small silk flag as a favor. All expressed regret when six o'clock came and the party was over.

Those enjoying his hospitality were the Misses Edith Phillips, Esther Lambert, Louise Finke, Catherine Leadbeater, Josephine Gregg, Jeanette Cochran, Margaret Moore, Courtney Cochran, Susan Thompson, Margaret Ogden, Virginia Schwab, Ruth Bryant, Margaret Yates, Laura Hulfish, and Sarah Frances Greist, of Washington, Masters Albert Smoot, Jack Scott, Jack Roberts, Seabrey Boswell, Richard Acton, Edward Gorman, Bernard Yates, Maekel Bruin, Urban Lambert, George and Wescott Hill, Robert Cochran, Martin and Paul Delaney, Herbert Bryant, Arthur Dixon, Forrest Chisholm, Edward and Joe Leadbeater and Bobby Howard.

J. T. Preston, secretary of the Chamber of Commerce, who has been attending the hearing before the state corporation commission in Richmond on the question of a revision of the intrastate express rates, returned home last night. There was no definite action taken on the question as the express companies were not prepared to make a full statement of the proposed changes. It was agreed that they will file with each of the chambers of commerce or traffic bureaus in the state a full list of the proposed changes and that after the associations have had an opportunity to consider them another meeting will be held by the corporation commission.

BEES BREAK UP MEETING

Aroused Insects Chase Councilmen of Potomac, Scattering them in Every Direction.

A swarm of angry bees, whose rest had been disturbed by the eloquence of the town fathers, broke up a meeting of the Town Council of Potomac, which was held last night.

The members of the council hold their meetings in the Mt. Vernon school building. Last night on account of the intense heat, the members decided to conduct their sessions on the front portico, where, by the light of a lantern, the minutes of the previous session were read and the other business which was before council for action transacted.

The light of the lantern was dim and the members did not realize that a hive of bees, which had taken possession of one of the big hollow columns on the portico had been roused from their sleep by the sound of the councilmen's voices.

Mayor W. E. Kidwell, who was sitting next to the column, was the first to note the presence of the bees when several hundred of the insects landed on him at the same time He let out a yell that could be heard half a mile as the bees proceeded to explore his clothing, leaving red-hot traces of their journey.

Councilman W. E. Emerson, who is the superintendent of the cemeteries near this city, was the next to feel the stings of the infuriated bees, and was only a second behind Mayor Kidwell in making a get-away. In a moment all of the councilmen were on the run and the meeting was adjourned without any parliamentary proceedings.

PREVAILING HEAT WAVE

Thunder Storm Follows Sultry Conditions Yesterday—Temporary Relief.

The fifth rain storm, accompanied by thunder and lightning, which have prevailed in this vicinity in as many days struck this city about five o'clock yesterday afternoon. The wind blew briskly for a time, but apart from scattering a few small branches from trees, no serious damage resulted. Copious showers fell for a time, during which thunder and lightning prevailed.

During the progress of the storm the electric fluid struck a tree in the yard of a residence on Lee street, between Wilkes and Gibbon, and passed into an upper room of an adjoining house. A glass globe was shattered, but no other damage resulted.

A barn on the farm of Egbert Thompson, Fairfax county, a short distance south of Alexandria, was struck by lightning and somewhat damaged.

The storm was more severe in Washington and north and west of this city. It passed over a large area, extending to Baltimore, Cumberland, Md., and other places where serious damage was caused by the elements.

The court house of Alexandria county was slightly damaged by lightning while one of the recent storms was raging.

CONFEDERAE VETERANS.

The members of R. E. Lee Camp Confederate Veterans, are equested to meet in uniform at St. Paul's Church tomorrow, (Saturday afternoon) at 4.45 o'clock to attend the funeral of their late Comrade, Major John W. Green.

BASE BALL SUNDAY.

The Palais Royal B. B. Team of Washington, D. C., will pay their first visit to this city Sunday to play a game with the White Sox at the Point at 2:30 p. m. They will bring their strongest team and the White Sox will have their regulars on hand to meet them. A good game is expected.

PLAYGROUNDS TO OPEN.

The playground for children will be opened July 1st at the Washington School grounds, and all the children in the city are invited to come. It will be conducted by Mrs. Beall, who has started several playgrounds in Washington. A cake sale will be held by the committee Saturday morning at the stand on Royal street in the market, the proceeds to be for the benefit of the playground fund.

YOU'LL CROW OVER 'GETS-IT" FOR CORNS. !

It Will Startle You How "GETS-IT" Gets Corns Every Time.

"One, two, three!" That's about as long as it takes you to apply "GETS-IT" the new-plan, simplest, surest corn cure the world has ever seen.

"This Is No Place For a Crow. Her Corns Are All Gone. She Must Have Used 'GETS-IT.'"

Corn fussing is all over. Corns, corn pains and calluses are absolutely done for, from the minute you apply "GETS-IT." Forget the bother of useless plasters, greasy salves that spread and make toes sore and raw, little doughnut cotton rings that press on corns, forget knives, razors, scissors, and the dangers of blood poison from drawing blood and the contraptions and harness that simply make corns worse. "GETS-IT" never hurts the flesh, never fails.

"GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

PENALTY FOR TAX-DODGING.

Fifty Per cent to be Charged to All Delinquents on July 1.

Richmond, June 26.—Unless present indications are deceptive, scores of Virginia corporations and hundreds of indivduals in this State, will be in a pretty pickle next week, and will owe heavy penalties to the Federal government for failure to pay special and income taxes for the fiscal year. These taxes must be paid on or before June 30, after which a 50 per cent penalty accrues, while the property of the delinquents will be subject to seizure to meet the obligations.

It is estimated by Deputy Collector Thomas C. Meaney, of the local internal revenue office, that 95 per cent of the corporations, such as wholesale and retail liquor dealers, rectifiers distillers, etc., have failed to take out the special tax for the conduct of their business, and that their neglect will involve many of them in the penalty. These stamps must be posted in the place of business on July 1. Other corporations have failed to pay their income tax, and are also liable to the penalty.

Probably 60 per cent of the individual income returns are still unpaid. A 50 per cent penalty will also be added to these delinquents, and it will be enforced under a Federal statute. The usual custom is to send out notices to the delinquents, who are given ten days to pay the tax and penalty, after which a distrain warrant will be issued, and property seized and sold to meet the obligation. Jail sentences can also be imposed in some instances.

SEMINARY GETS BEQUEST.

Mrs. M. K. Jesup Leaves Money to Theological And Other Institutions.

New York, June 26.—Mrs. Morris K. Jesup, whose will has just been admitted to probate, has left millions of dollars to public and ecclesiastical interests and to her relatives.

The American Museum of Natural History receives $5,000,000 for research work; the Syrian Protestant College at Beirut, $400,000; Yale University $300,000; Union Theological Seminary, of Richmond, Va., $300,000, and the Young Men's Christian Association, $250,000.

The American Sunday School Union and the New York City Mission and Tract Society each receive $150,000. The same sums, respectively, go to the foreign missions board of that church.

Other public bequests included the Hampton Institute, of Hampton, Va., and the Tuskegee Normal and Agricultural Institute, of Tuskegee, Ala., each $50,000.

Much Damage by Lghtning.

Several fine showers within the last few days have come in time to save the gardens and help and encourage the farmers. Considerable damage by lightning is reported through the county, but Warrenton has escaped the force of the storms. William Schwab, near Baldwin's Ridge, lost his barn by lightning Sunday night. During the same storm Mr. Payne, tenant of the Huntley farm, had a horse killed. Mr. Deneal, at Orlean, and Mr. Cornwell, at Crest Hill also lost some stock. The week before a barn was burned on the farm of Mrs. Thomas Smith near Waterloo, rented by Mr. Sinclair.

BLOWN UP IN EXPLOSION.

One Negro Dies Just as he Arrives at the Hospital. Other Loses Hand.

Richmond, June 26.—Thomas Snead, a colored employe at a quarry in Goochland county lost a race with death yesterday when he died in an automobile in front of Virginia Hospital after being rushed to the city for treatment for injuries sustained in a dynamite explosion.

Snead breathed his last just as he was about to be removed from the machine.

John Brackett, also colored, and employed at the same quarry, who was near Snead when the explosion occurred, was rushed to the city in another auto and was taken to the City Hospital for treatment. The doctors said that one of his hands would probably have to be amputated. His injuries are not regarded as particularly serious.

So far as could be ascertained, the two men were in the act of setting off a stick of dynamite when it went off ahead of time.

TAX BURDEN TOO HEAVY.

Large Delegations Appear Before Tax Commissioners to Protest Further Assessment.

Wytheville, Va., June 26.—The state commission sat in Wytheville yesterday to hear the representative farmers and stockmen of Southwest Virginia on the subject of revision of the tax laws of Virginia. There are large delegations here from Montgomery, Pulaski, Bland, Wythe, Giles, Smyth, Washington, Tazewell and Russell counties. The arguments of representatives have been that the farmers of this section are already bearing their full and just proportion of the taxes necessary to run the state government; that the farmers cannot stand any additional tax burdens.

Long Drouth Broken.

Winchester, Va., June 26.—A drouth of nine weeks, which has blasted the crops, fruits and vegetables in Frederick County, Va., was broken yesterday afternoon by rains, which, however, will not save the situation. The hay and garden crops are a total failure, cattle being fed on imported corn and other grains, while hitherto unfailing streams of water are entirely dried up. The apple crop, Frederick County's chief industry, is badly damaged, as the shriveled fruit is dropping from the trees. Live stock are being brought to market in large quantities as there is no pasturage and but little water.

THE CLAFLIN COLLAPSE.

The fact that many thousands of railroad employes have been furloughed during the past few months and the statement that eleven thousand mechanics heretofore employed at the Philadelphia Locomotive Works have lost their positions, have caused no little anxiety throughout the country, but the announcement yesterday that the H. B. Claflin dry goods concern of New York, established in 1847, had been forced to the wall and that approximately thirty million dollars are involved, sent a decided shiver down the backs of the commercial world. That those at the head of this establishment, which stretches over a large section of this country should have brought such trouble upon that house, which has withstood financial storms during sixty-seven years, simply to embarrass the present Democratic administration, is untenable. That the failure can be ascribed to prevailing conditions in the business centres of this country must be allowed.

The Gazette is convinced of the practicability of the Democratic planks concerning trusts, and has ever suspected that the Republicans, when forced to turn the affairs of the nation over to the Democrats, have subsequently been active in bringing about depressed financial conditions in order to cast odium upon Democratic administrations. Still, the fact remains that one of the greatest commercial depressions and the most long-lived was precipitated during the Republican sway in 1873, when Jay Cooke & Co. closed their doors.

It is unfortunate when such disasters come no matter under whom or by what cause. Some Democrats have never been convinced that one of the first acts of such an administration should be an attack upon the business world. But it may be, as some patriots suggest, like the effects of a storm, damaging while raging, but the serene conditions which follow the purification of the atmosphere more than repay for the havic made.

That the enemies of the Democratic party are laying every national disaster at the door of President Wilson is aparent,but he seems to be inexorable in his course, and he says he knows what he is dong.

Under a "new constitution of freedom" for business given by anti-trust legislation soon to be passed by Congress, the President yesterday in speaking to the Virginia editors, promised the country the greatest business boom in its history. This was the President's final answer to the opponents of trust legislation at this session of Congress, delivered with determined expression and every word emphasized with a clenched fist.

His address was masterly, and at times a kindly smile played about his lips. Those who heard him commended his fearlessness and his determination to push to final action the program upon which he has set his mind.

"We know what we are doing," said the President. "We purpose to do it under the advice, for we have been fortunate enough to obtain the advice of men who understand the business of the country; and we know the effect is going to be exactly what the effect of the currency reform was, a sense of relief and security."

CONFLAGRATION IN SALEM, MASS.

While people throughout the country were reading of the thirty-million-dollar failure of the H. B. Claflin Company in New York yesterday, the ancient city of Salem, Mass., was being partially devoured by flames. Dispatches announcing this latest disaster diverted for a time attention from the financial disturbance caused by the failure of one of the largest and oldest houses in the county.

The disaster, which has befallen the Massachusetts city is horrible in every respect. The city has a population of about forty thousand, fifteen thousand of whom (as many people as there are in Alexandria) are homeless ,surrounded by the few household effects that they were able to snatch from the burning houses.

Salem is an old town, one of the first of any importance to take its rise after the landing of the Pilgrim Fathers. Descriptions of the fire of yesterday are vivid. Some tell us of the tongues of flame lapping everything before them at the identical spot where many innocent persons perished by fire on suspicion of having coursed through the heavens at night astride of broomsticks.

The scarcity of water at this time adds to the horrors of the fire.

The flames are still spreading, although the firemen think they will soon bring them to a stop provided the wind holds from the quarter of the heavens from which it is now coming.

CAUGHT UNDER WALL

Two Were Severely Injured in Hosiery Mill Fire, Hagerstown.

Hagerstown, Md., June 26.6—Two members of the Antietam Fire Company—William Ecton and Charles Jacobs—were severely injured, perhaps internally, by being partially buried beneath the debris of a falling wall when the Windsor Hosiery Mills burned here last midnight. They were dug out and taken to Antietam Hall, where Drs. W. B. Morrison and Victor D. Miller, Jr., attended them. They were covered with cuts and bruises.

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. E. S. Leadbeater and Sons will tell of many of their customers who a month or so ago were thin pale and haggard but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfastory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

FOR SALE—"Faultless" Houdans; this strain has been egg-bred from Trappist records since April, 1890. I have bred them 21 years for great layers and 12 years for large-size chalk-white eggs; these fowls are extremely hardy, have neither comb or wattle to freeze, and are the best all-winter layers in open front coops. "Faultless" strain Houdans have won every blue ribbon at New York, Chicago, and Philadelphia shows for past six years, eggs and stock sold on honor; send 10 cents for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 25 eggs a year a piece; it tells you how to net $3.000 a year from 100 hens. Don't Lose Sleep Coughing at Night.

Take Foley's Honey and Tar Compound. The very first dose surprises you. It glides down your throat and spreads a healing, soothing coating over the inflamed tickling surface. That's immediate relief. It loosens up the tightness in your chest, stops stuffy wheezy breathing, eases distressing, racking, tearing coughs, soothes the irritated, inflamed bronchial tubes and air passages. Children love it. It is mildly laxative—as a cough medicine should be, and does not upset or distress the most sensitive stomach. Refuse any substitute. Contains no opiates.

Offer to Pay For Samose if it Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh-forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation so that when taken for a short time Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that druggists, E. S. Leadbeater & Sons, are willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak out of health to get a box of Samose from them on those terms.

Druggists, E. S. Leadbeater & Sons.

JAPAN AND UNITED STATES.

Island Kingdom Again Shows Resentment Towards This Government.

Washington, June 26.—Diplomatic correspondence between the United States and Japan over the California antialien land law, extending over a period of more than a year, was published yesterday simultaneously in Washington and Tokyo by agreement of the two governments.

It disclosed that a new treaty was discussed as one way of meeting Japan's protest against what her diplomatic correspondence characterized throughout as "essentially unfair and invidiously discriminatory," inconsistent with the sentiment of good neighborhood," "inconsistent with the treaty in force" abridgement of vested rights," and against provisions of the California law "mortifying to the government and the people of Japan." But as late as June 10, two weeks ago, the Japanese Ambassador, Viscount Chinda, left with the American Secretary of State "instructions" from the Tokyo foreign office that the projected treaty would tend to create new difficulties.

AUTOMATIC BLOCK SIGNAL

System Extended from Seminary Station to Orange Court-House.

Washington, D. C. June 26.—An automatic electric block signal system has just been completed and placed in service by the Southern Railway Company on the main line between Seminary, Va., and Orange, Va., a distance of 80 miles, all double track, providing continuous automatic signal protection for trains from Orange into the Washington Terminal Station. This system is now in use on other portions of the line in Virginia and North Carolina, giving in all a total of 198 miles of double track so protected, while arrangements have been made for equipping 120 miles more.

At intervals of about two miles automatic signals have been erected, each interval constituting a "block" and the system includes interlocking plants controlling switches. The signals are the three-position upper quadrant type, using red, green and white lights at night for the "stop," "caution," and "proceed" indications. The interlocking plants controlling switches are equipped with power signals and electric lights in the towers and on the signals. Annunciators have been provided to announce the approach of trains in both directions at each of these towers. The current used to operate the system also furnishes lights for stations.

This protective system represents the latest product of engineering science and will greatly facilitate traffic and increase the safety of train operation.

FOR FOREST RESERVE

Tracts in Virginia and Carolinas Among Latest to Be Approved.

Washington, June 26.—The National Forest Reservation Commission yesterday afternoon approved for purchase by the government a number of tracts in Virginia, West Virginia, Tennessee, North Carolina, South Carolina and Georgia, totaling over 27,000 acres. About 13,500 acres are in North Carolina, principally in the Mount Mitchell region; about 7,000 acres in Tennessee and 6,000 acres in West Virginia.

This will conclude the purchase for the fiscal year closing June 30, 1914, during which the areas approved for purchase have totaled nearly 400,000 acres. The lands selected for acquisition by the government for national forest purposes in the East since the purchase policy was inaugurated in 1910 now total 1,105,000 acres, having a purchase price of $5,500,000.

One of the best tracts from a timber standpoint, that the commission ever has concluded to buy is one of over 7,000 acres in the Mount Mitchell region, North Carolina, decided on yesterday. It averages more than 6,000 feet of saw timber and other products per acre.

All the tracts adjoin or lie near lands previously acquired, under the general policy by which national forests of good size are being built up in the Eastern mountains through successive purchases.

TUBERCULOSIS

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alterative is most efficacious in bronchial catarrh and severe throat and lung affections, and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

HANDLING BAGGAGE.

A System That Simplifies Matters For the Railroad Man.

Like most other mysteries, that of handling the thousands of pieces of luggage that come to a great railroad station has a simple solution. It seems to the layman that there must be confusion when incoming trains dump hundreds of trunks and hand bags into the baggage rooms for distribution to all quarters of the city. System, which has come to play an important part in all business nowadays, has made baggage handling a rather simple matter for the railroads. It is the use of a key number that does the trick.

Travelers have noticed that their check numbers run into six figures. If they pay attention to the figures on their checks at all. It is the third of these units, counting back from the final number, that is the key to the whole system of distribution. The expressman who handles the baggage for its home distribution hands in to the baggage agent his mass of collected checks, all sorted on that basis, and the baggage handlers hustle the stuff out with very little delay.

Suppose he has only a few checks from an incoming local train. They may read 384741, 384201, 384500, 384735, 384812, 384487, 384622, 384256, 384739, 384747, 384056 and 384123. In each case the first three figures are identical—384. The first variation begins with the fourth, or hundreds, unit. By means of this unit he separates his checks—all the 7's in one bunch, all the 5's in another, and so on.

In the baggage room the trunks and bags are distributed as soon as received in ten apartments, each bearing a unit number, from 0 to 9. That number invariably represents the hundreds unit of the claimant's check. The trunk with a 384543 check would go to the same compartment as one numbered 385543 or 383543 or 12543 or 987543. The figure 5 is the key figure, with the result that there is never any confusion or trouble in locating the baggage desired. It would be in the compartment numbered 5.

This simple plan solves the mystery as to the prompt location of a piece of hand luggage when a passenger rolls up to the baggage room door in a taxi to get the piece of luggage he has had checked and has to wait but a moment to obtain it. It is a very simple solution of the trouble that a few years ago bothered all travelers who had to wait for baggage to be transferred from one railroad to another in their own conveyances.—New York Sun.

It Was Lincoln's Knife.

Lincoln was always ready to join in a laugh at his own expense and used to tell the following story with intense enjoyment: "In the days when I used to be on the circuit I was accosted in the cars by a stranger, who said, 'Excuse me, sir, but I have an article in my possession which belongs to you.' 'How is that?' I asked, considerably astonished. The stranger took a jackknife from his pocket. 'This knife,' said he, 'was placed in my hands some years ago with the injunction that I was to keep it until I found a man uglier than myself. I have carried it from that time to this. Allow me to say, sir, that I think you are fairly entitled to the property.'"—"Everyday Life of Abraham Lincoln."

Greatest Song Writers.

The immortal quartet of song writers are Goethe, Heine, Burns and Beranger. Of the four Burns is by far the most popular. Goethe was at heart an "Olympian" and in all things a critic; Heine was in his deepest soul a pessimist and cynic; Beranger, while much more human, was a little bit too critical, while Burns, democratic to the core and of immense sympathy, threw himself into the common human life of the world with a whole heart and wrote the songs that will live and be loved while humanity endures.—New York American.

Weight of a Gallon of Milk.

"What is the standard weight for sweet milk?"

A quart of milk weighs 2.153 pounds and a gallon 8.612 pounds, or a quart 2.15 pounds and a gallon 8.6 pounds. It is understood that the temperature of the milk and the relative proportions of the butter fat and solids not butter fat cause the weight of milk to vary, but the weights stated above are those generally used.—Progressive Farmer.

Different Ideas.

"I'm paying all my debts. I believe the end of the world will come next month."

"I don't understand your logic. If I thought the end of the world was coming next month I'd order a lot of stuff on credit now."—Pittsburgh Post.

Self Denial.

Teacher—What do you understand by the words "self denial?" Pupil—It is when some one comes to borrow money from father and he says he is not at home.—Fliegende Blatter.

The Answer.

"They say the Joneses are a very happy couple."

"But Jones is a traveling man and is very seldom at home."

"Exactly."—Cleveland Leader.

New Classification.

The Census Taker—How many are there in that bunch of Portuguese? The Landlady—Six. A Portugoose, a Portugander and four little Portugoslings.—Chicago News.

In adversity it is easy to despise life. The true, brave man is he who can endure to be miserable.—Martial.

WHISKER CULTURE.

A Critic Who Does Not Like the Hanging Garden Effect.

In the American Magazine James Montgomery Flagg, writing a piece on "Whiskerculture," contributes the following permit to cultivate hanging gardens on the face:

"This is to certify that the bearer, ——— ———, has permission to stand on the grass in any part of Central park, or other city parks during May and June and pretend he is a mineral bath.

"If by any chance he should begin to bear currants or marrons glaces he must allow the commissioner of parks first pickings.

"He is required also to permit any uniformed official of the Long Island railroad last year round department to empty his beard at will, without a written order, and search for lost purses, umbrellas or packages of pressed beef or coins of any denomination.

"On the 2d of February he agrees to step out from his cocoon and, if he sees his own shadow, report it immediately to the board of health and crawl back again.

"In going over his privet hedge in the fall, before putting it in camphor, he must destroy all nests he comes across.

"On national and state holidays he is permitted to string Japanese lanterns in any part of the shrubbery above Forty-second street, but he is forbidden to set off any Roman candles or red light in it.

"During the open season for grouse or caribou he must have his entire beard adequately patrolled. He agrees to report to Washington if any careless tourists start fires in any portion of this tract, especially near any ranches. He agrees to see before retiring that no lighted cigar butts are left smoldering in the undertrush.

"If all these regulations are faithfully carried out his beard will be set aside as a national park in January of the following year."

THE HILL OF TARA.

Where In Ancient Times the Kings of Ireland Were Crowned.

In the county of Meath is supposed to have stood the hall of Tara, celebrated as being the palace of the ancient Irish kings. There seems to be no doubt that on the hill of Tara the national assemblies met once a year to consult on the affairs of the kingdom and to make laws. The lawgivers were a class of druids called Brehons who acted as magistrates and judges. They did not hold their courts of justice in any hall, but seated themselves on the top of a hill in the open air, where they heard all complaints that were brought before them and decided every cause according to their own ideas of right and wrong.

The hill of Tara is also famous in Irish history as the spot on which the kings were crowned. The throne, or seat of inauguration, was a black stone, which was called Lea Fail, or the fatal stone, said to have been brought in the early ages from Spain, and it was therefore held in high veneration. It was either borrowed by Feargus the Great, an Irish chief, or else it was carried away, among other spoils, by the Scots in one of their invasions of Ireland and was ever afterward used as a coronation seat of the kings of Scotland at the abbey of Scone until it was conveyed away by force of arms, together with the crown and scepter, by Edward I. to England, who placed it in Westminster abbey, where it still exists and forms the basis of the coronation chair to this day.—Argonaut.

Roosevelt as a Woodchopper.

When he owned a ranch in the west Theodore Roosevelt, as he says in his autobiography, "could chop fairly well for an amateur," but he admits that he could not do one-third of the work that his men did.

"One day," he writes, "when we were cutting down the cottonwood trees to begin our building operations, I heard some one ask Dow what the total cut had been, and Dow, not realizing that I was within hearing, answered, 'Well, Bill cut down fifty-three, I cut forty-nine, and the boss, he beavered down seventeen.' Those who have seen the stump of a tree that has been gnawed down by a beaver," adds Mr. Roosevelt, "will understand the exact force of the comparison."

For the Collection Box.

Jimmy, aged four, had been sent upstairs by his mother to get 10 cents, which she intended to use for the purchase of postage stamps.

Not knowing exactly what a ten cent piece looked like, Jimmy called downstairs. "Mother, is 10 cents a little piece of money?"

"Yes, Jimmy, the smallest piece of money in my purse."

"Oh, I know now, mother! Church money."—Judge.

A Composite Product.

Mrs. Boggs—Mr. Meekman is a splendid example of what a man ought to be. Mr. Boggs—Not on your life! He's a splendid example of what a wife, two sisters, a grown up daughter and a mother-in-law think a man ought to be.—Puck.

Slashed His Friend.

Magistrate—Are you interested in this case? Witness for the Prosecution—Yes, sir; the prisoner cut my acquaintance.—Buffalo Express.

Her View of It.

Claud—But you certainly encouraged me to propose. Claudia—Well, I could not very well turn you down until you did, could I?—Judge.

NEWS OF THE DAY.

With a flying start L. G. Hornsted, in a 200-horsepower automobile, covered a mile at the Brooklands track England, Wednesday at a speed of 128 miles an hour. With the exception of airmen, no one has probably traveled 128 miles an hour before.

An "arson squad" of suffragettes caused extensive damage to the Episcopal Church at Balylessen, near Belfast, Ireland, early yesterday. The destruction of the entire church was averted only by the timely arrival of the sexton, who succeeded in extinguishing the blaze. He found quantities of burning petroleum, fire lighters, grease, and cotton wool littered around. The woodwork of the building had been thoroughly drenched with petroleum.

Alfred Ferenczy, barber, Hotel McAlpin, New York, was sentenced to not less than seven years or more than fifteen years in Sing Sing yesterday for a violation of the white slave law. His wife, Katherine, was sent to Auburn for not less than ten or more than fifteen years on a conviction for the same charge. According to the testimony in the trial before Judge Dosallsky, in general sessions, the couple made a specialty of getting innocent girls to their home, at 201 East Seventy-ninth street.

Seven persons were killed, and more than a score injured late yesterday by a dynamite explosion on the government dredge fleet at Smithsonia, on the Tennessee River 18 miles below Sheffield, Ala. Two of the dead are white and five are colored.

A. L. Abbott, aged 30 years, a real estate dealer of Hafsville, S. C., who was struck on the head with a blackjack when walking along Seventh avenue, New York, early Tuesday morning, died at the New York hospital Wednesday night without regaining consciousness. The police have no clew to Abbott's assailant.

A dispatch from Shanghai says that Kalgan, 125 miles northwest of Peking, was sacked Wednesday night. The dispatch adds that foreigners were not harmed. The Chinese garrison, composed of 6,000 soldiers, mutinied and then looted and burned the city, killing all who resisted. The women among the inhabitants were attacked and many of them carried off. The orgie lasted until daybreak, when the troops fled toward the Mongolian border. Kalgan is an important commercial city of more than 60,000 inhabitants situated on the caravan route to Siberia and near the great wall.

A severe electrical storm, accompanied by downpours of rain and hail, brought to a close about 5 o'clock yesterday afternoon one of the hottest and most sultry days Baltimore has experienced during the present heat wave. One death and several prostrations resulted from the heat, and much property damage was done by the electrical storm and the rain and wind which accompanied it.

A wall of water from a cloudburst in the mountains above Woodrow swept Harry Tolhard and Charles Isner both of Elkins, into Cheat River. Young Tolhard, fourteenth son of Mr. and Mrs. Harry Tolhard, was drowned. Isner escaped.

Cobb Pays $50 Fine.

Detroit, Mich., June 26.—Tyrus Cobb, the widely-known baseball player, pleaded guilty in the justice's court yesterday to a charge of disturbing the peace and paid a $50 fine. Had he not paid the fine he would have had to spend six months in the house of correction.

The charge was made against Cobb by William L. Carpenter in whose meat shop the ball player caused a disturbance last Saturday night. Cobb and Carpenter had a dispute over the purchase of some fish and when Cobb admired a revolver, Harold Harding, an employe, stepped in and a fight ensued.

The ball player suffered a fractured thumb, which has kept him out of the ball games this week.

A dispatch from Shanghai says Keep your eye on 502 King street.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

TO THE OWNERS OF DOGS.

The law of the city makes it the duty of the Mayor to give public notice to persons owning or harboring dogs to come forward and take out license for the same from the City Auditor or be reported and fined upon failure to do so.

The license law requires this tax to be paid before July 1, 1914. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be complied with. The policemen are expected and are directed to report to the police court the owners of unlicensed dogs. The license on each dog regardless of sex is ($1.50) One dollar and fifty cents.

Had Lung Trouble, and Expected to Die

With the civilized world anxiously seeking a specific for Lung Trouble, the number of recoveries brought about through the use of Eckman's Alterative, a medicine for Throat and Lung Troubles, is attracting universal attention. For fifteen years Eckman's Alterative has been used and the reports of recoveries in many supposed hopeless cases indicate that this medicine is doing a vast amount of good. Read this:—

33 B St., Keyser, W. Va.

"Gentlemen: I was taken sick in November, 1908, with a very bad cold and dizzy spells. The doctor then pronounced my case as Malaria Fever. I grew steadily worse. Had two consultations held over me, and the verdict was that the fever had affected my lungs and that my case was hopeless; only gave me two months to live. My physician had tried most all kinds of treatment and none did me any good, so he asked my husband if he objected to him trying a proprietary medicine and so I began to use Alterative. I was in bed from November 30, 1908, until February 25, 1909, and was thought dying several times. Today I am healthier and stronger than ever."

(Signed) MRS. H. K. BRILEY.

(Above statement sworn to before us on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists
